We individually measure battery cells to ensure their performance and service life.

## Lower overall costs

The higher capacity guarantees higher cost effectiveness over their total running life.

#### **Maximum security**

The flex-board technology reliably protects the battery against overcharging.

### **High-carat connections**

Gold-plated contacts prevent corrosion and ensure a loss-free current output.

#### **All-round premium**

For the housing: no recycled plastic, but rather high-quality ABS/PC.
