Telefax: +49 (0) 2154-4838-444

E-Mail: service@axcom.de

More charge and discharge cycles

We individually measure battery cells to ensure their performance and service life.

Low overall costs

The higher capacity guarantees higher cost effectiveness over their total running life.

Maximum security

The flex-board technology reliably protects the battery against overcharging.

High-carat connections

Gold-plated contacts prevent corrosion and ensure a loss-free current output.

All-round premium

For the housing: no recycled plastic, but rather high-quality ABS/PC.
